

1st EUROPEAN CONGRESS

*“DEFINING A RECONSTRUCTION LADDER
FOR THE TREATMENT OF
MUSCULOSKELETAL CONDITIONS USING
REGENERATIVE APPROACHES:
A CONSENSUS CONFERENCE”*

CHAIRMAN

G. M. Calori

HONORARY CHAIRMEN

P. Cherubino M. d'Imporzano

VICE CHAIRMEN

B. Marelli G. Mineo

SCIENTIFIC BOARD

T. Bégué G. M. Calori P. V. Giannoudis G. Schmidmaier

January 14-15-16, 2013 - Università degli Studi di Milano

Dear Colleague, Dear Friend,

Over the years, there has been a lot of interest between the different European Countries and amongst the different Trauma & Orthopaedic European Societies to establish a common language and a common treatment approach for the management of clinical conditions associated with impaired bone healing

For this reason, we are pleased to inform you that we have taken the executive decision to organize on January 14th to 16th 2013, in Milan Italy, the 1st European Congress on the development and definition of a reconstruction ladder for the treatment of musculoskeletal conditions using regenerative approaches.

We believe that this meeting will set the foundation for the establishment of a common aim to treat patients requiring regenerative approaches for both hard and soft tissue defects within the European Trauma and Orthopaedic community.

We are pleased to invite you to take part to the meeting to give your scientific contribution; in particular a Young Section (under 45 years old) is proposed to promote the involvement of young orthopaedic surgeons. It will be a great honour for us to have your support at the Congress. We are looking forward to hearing you as soon as possible. We would be pleased to meet you all in Milan.

Yours sincerely

Prof. Thierry Bégue

Prof. Giorgio M. Calori

Prof. Peter V. Giannoudis

Prof. Gerhard Schmidmaier
